

## G. O. P. ELECTOR TURNS TO SUPPORT OF WILSON

Telegram Telling of Action of West Virginian Read to Women.

A telegram announcing that J. W. Dawson, Republican candidate for elector-at-large in the State of West Virginia, had resigned and announced his intention of supporting President Wilson, was read last night to the West Virginia Wilson Club at a rally in the headquarters of the Women's Wilson Union, Fifteenth and F streets.

John W. Davis, Solicitor General for the Department of Justice, who was to have spoken, was called out of town to stave through the Middle West and sent a telegram of regret.

Conrad H. H. West Virginia, Corporation Counsel for the District, addressed the meeting, touching briefly on the Mexican and European policies, and stating that the issue of the present campaign is whether "the American people will turn the government over to the bunch that Roosevelt in 1912 termed 'pirates and robbers'."

## BROOKLYN BURGLARS MAKE SELVES AT HOME

Special to The Washington Herald.  
New York, Oct. 21.—The newest stunt of burglars is to live in the houses they rob. So Mrs. Susie Holliday, a widow, and her son, Edgar P. Holliday, learned on returning last night to their home, 4 Brevoort place, Brooklyn, after a three months' stay in the country.

Entering their home they found not only had the place been robbed of jewelry and clothing, but that persons had been living there in their absence. In the tub, which was full of water, were found socks and stockings not belonging to the family. Couches had been slept on. The burglars got in by breaking the basement door. Detectives said it was the work of amateurs. The burglars may have intended to return to their free home last night, but possibly were frightened off by the lights showing that the owners of the house had returned.

## "PRETTY MAN" TO WED IF "AD" BRINGS BRIDE

Teamster Who Can Sing Wants to Marry Before Winter.  
Special to The Washington Herald.  
New York, Oct. 21.—There's a "pretty man" in Huntington, L. I., who wants a wife, and who wants her before the cold weather sets in.

In his own modest announcement, published in the form of an advertisement in the Long Islander, a weekly newspaper of that town, William G. Garner sets forth his desire for a matrimonial partner and describes himself as a "great singer, a music player and fond of all kinds of work."

William is also a churchman, and admits that he is sound of mind. He is reasonable, and says he is looking for a young woman, if he can find one. If he cannot, he will accept a widow. So there you are, girls!

Mr. Garner, who is 32 years old, admitted frankly that he was looking for a wife, and that he wanted to settle down before winter time.

"Every man worthy of the name should have a friend of his own," he said. "I have saved some money and if I find the right woman I will buy a home, and we will be happy as two birds."

Mr. Garner, who is a teamster, has been living in Huntington for about five months.

## WARREN A. MOSE DISAPPEARS.

Boy Starts for School; Not Heard From Since.  
With \$10 or \$12 in his pocket, Warren A. Mose, 14 years old, of 1307 Four-and-a-half street southwest, left home Thursday morning to go to school. His father, George H. Mose, has not seen or heard from him since. He was last seen in the company of John Hubbard, living in the vicinity of Nineteenth street and Benning road northeast, whom he told he was going to Philadelphia.

When he left home Thursday young Mose wore a green suit with knee trousers and a plaid cap. He is 5 feet 3 inches tall and weighs about 140 pounds.

## AMERICAN LOST ON ALAUNIA.

London, Oct. 21.—Charles Brody, of Washington, D. C., this afternoon reported to the American Embassy that E. R. Sloane, an American horse dealer, probably lost his life in the sinking of the Alaunia.

Sloane, according to Brody's report, was running about on the Alaunia's deck shortly before the vessel was sunk.

## MORE GOLD FROM CANADA.

Another Shipment of \$5,000,000 Makes \$20,000,000 in Week.  
New York, Oct. 21.—Gold to the amount of \$5,000,000 was received at the assay office here today from Canada for the account of J. P. Morgan & Co., making \$20,000,000 imported at New York this week. A shipment of \$10,000,000 was received at Philadelphia last Tuesday, making the total receipts for the week \$30,000,000.

Since the present gold import movement started, early in May, \$335,000,000 has been received in this country. Since January 1 gold imports have amounted to \$115,000,000.

## TANGLE IN MESSAGES AIDS THIEF IN GAME

Police Fail to Notify Storekeepers Promptly and Swindle Is Repeated.

A tangle in the dispatch of messages warning merchants that a thief was operating a clever game in the downtown section on Friday was the reason given at police headquarters last night for the ease with which the man got away with the store of Alice Maynard, 1305 F street northwest, by ordering the clothes sent by repeating a game which had been frustrated earlier the same day.

When warning came to headquarters that the man had tried to secure clothes from the store of Alice Maynard, 1305 F street northwest, by ordering the clothes sent with him in care of a clerk to a given address and then trying to get rid of the clerk, the message was improperly handled, with the result that it did not get out to storekeepers in time, it was said.

The system employed by the department is to notify all officers and police within an hour's time of such attempts, and through them the stores and other parties to be protected are warned. The slip which occurred Friday is the first that has happened in many months, police declare.

## WOUNDED DRUG USER DENIES HAVING AID

Police of the Fifth precinct are looking for an alleged confederate of James Vincent Gerard, 24 years old, 238 C street southwest, who was shot through the right chest early yesterday morning while trying to enter the drug store of Dr. Guy M. Neely at Eleventh and C streets southeast. Gerard, who is a self-confessed drug habitue, is at Casualty Hospital, where physicians have pronounced his condition critical.

At the hospital Gerard said he had entered other stores for that purpose and on previous robberies, but that he was alone yesterday morning.

The charges of house-breaking lodged against Gerard are in connection with the robbery twice of the drug store of McChesney and Joachim, 200 E street northeast and once of the store of L. Hoyt Lamb, Eleventh and East Capitol streets northeast.

## SKATING GIRL KILLED BY AUTO COAL TRUCK

Philadelphia, Oct. 21.—Eleven-year-old Catherine Castner, granddaughter of Samuel Castner, Jr., of Castner, Curran & Bullitt, local coal dealers, was run over and killed by a Kunkel coal truck today while she was roller skating with her little brother and sister in Chancellor street east of Fortieth.

The accident occurred half a block from her home, from which she had skated shortly before with her sister and brother—Barbara, 9 years old, and Samuel, 7 years old. The truck was driven by David Robinson, an inexperienced chauffeur, who was being taught to operate the motor truck by Charles Long, 5613 Cherry street.

The little girl was rushed to the Presbyterian Hospital in a passing automobile and died in a few minutes. She was the daughter of Samuel J. Castner, a photographer, at 1719 Chestnut street. Robinson, who did not have a chauffeur's license, was arrested.

## DENIES EMBASSY CHANGE.

Arredondo Says Mexico Is Not to Change Its Envoy.

The Mexican Embassy yesterday officially denied reports that Luis Cabrera would be relieved as head of the Mexican delegates to the joint conference at Atlantic City and succeeded by Arredondo as Mexican Ambassador-designate here.

Arredondo authorized this statement: "There is no truth in the report that Gen. Pablo Gonzales will succeed Mr. Cabrera as leader of the Mexican conferees. Neither will Mr. Cabrera be made Ambassador-designate."

## PEACE LEAGUE TO MEET HERE.

Convention Next May Will Bring 4,000 Delegates to City.  
The Armed League to Enforce Peace will meet in Washington on May 10, 11 and 12. There will be delegates from every civilized State, according to John S. Leach, of New York, a member of the executive committee of the league.

It is estimated that upward of 4,000 delegates will attend. Mr. Leach has been conferring with the officers of the local branch of the league, consisting of Gen. Anson Mills, chairman; William C. Denis, secretary; W. Clayton Carpenter, assistant secretary; John Joy Edson, treasurer, and F. D. McKenney, chairman of the executive committee.

## TURKEYS SCARCE AND HIGH.

Charles Brody, of Washington, Reports Horse Trader Missing.

New York, Oct. 21.—A scarcity of turkeys and chickens for Thanksgiving, with unusually high prices, was predicted today at Wallabout Market, Brooklyn. The wholesale price for turkeys was 40 and 42 cents a pound. Chickens were quoted at 28 and 30 cents a pound.

An old quotation sheet, published twenty-five years ago, unearthed at the market, showed that at that time turkeys were selling at 6 cents a pound and chickens at from 4 to 6 cents.

## GARBAGE DISPOSAL PLANT ADVOCATED

Mount Pleasant Citizens Urge Erection of Municipal Incineration Apparatus.

A movement was set on foot for a municipal garbage disposal plant for Washington by the Mount Pleasant Citizens' Association last night at its first regular meeting of the winter.

George H. Markward called the association's attention to the fact that citizens of the District were not allowed to sweep the leaves from the trees in the street to be hauled away by the street cleaning department. Neither are they permitted. It was pointed out, to put them with their ashes or garbage. The only way to dispose of them is to have them hauled away.

This is unfair, according to many present, who argued that to hire part of the refuse carted away was little different from hiring it all hauled away, and that the District should dispose of it all. The question of a municipal disposal plant, in which refuse of all kinds could be converted into heat, electricity, and various other products, was suggested. This met with instant approval, and a committee was named, consisting of David D. Caldwell, Richard B. Watrous, George B. Selden, Arthur D. Call, George H. Markward, William Henry White, Dr. H. P. Cobey and Dr. A. J. McKelway to consider the matter.

A resolution was passed calling on the District Commissioners to include the opening of Lamont street west from Nineteenth street to Irving street in the next budget.

James M. Proctor, the new president, presided, and gave a short talk on the aims and functions of Citizens' Associations.

The following new members were elected to membership: William McQuillen, Richard J. Quigley, John W. Brainerd, Rev. James S. Montgomery, Harvey A. Harding, H. C. Russell, William T. Ballard, James W. Crooks, and Rossa Wawilund.

## ROME ECONOMIZES LIGHTS.

Government Orders Illuminations Dimmed at 10:30 P. M.

Rome, Oct. 21.—A government decree issued yesterday orders all street lights and also lights in stores, hotels and cafes dimmed at 10:30 o'clock in the evening. This is another measure in the movement for national economy. The first measure raised the price of sugar to 25 cents a pound and prohibited its sale for the manufacture of candies.

The government is also making a campaign against speculators in foodstuffs and wearing apparel.

Men's, women's and children's shoes are selling at from \$5 to \$9 a pair. Woolen articles have doubled in price. Foods produced in Italy, of which the exportation is prohibited, are in the hands of speculators. Eggs have disappeared from the markets. It is estimated that millions of eggs are stored in Rome.

## REPORTS ON BIG BEND FIGHT.

Funston Falls, However, to State Whether There Were Casualties.

Latest reports from Gen. Funston to the War Department do not state whether there were any casualties in the fight between American soldiers and a band of Mexicans near San Jose in the Big Bend country on the Mexican border.

The official report confirms the facts made public in San Antonio on Friday night, as follows: "Col. Gaston reports that on evening of October 19 twenty-three men of the Sixth Cavalry and a Texas cavalry detachment at Camp Jose, ten miles below Ruidoso, were fired upon from Mexican side by about thirty Mexicans."

## NAB SILK BURGLARS IN PISTOL BATTLE

Police Interrupt Pair Who Had \$3,000 in Packages.

Special to The Washington Herald.

New York, Oct. 21.—Firing several bullets at burglars who struggled in the darkness, detectives succeeded in capturing two who are alleged to have broken into the warehouses of the American Waist Company, 996 Third avenue, today.

When lights were brought in silk valued at \$3,000, packed in bundles about to be taken away, was found on the floor.

Following many complaints from that section, detectives were assigned for special duty. Four days ago the two men were seen acting suspiciously, and yesterday they are said to have gone to the Third avenue building in an automobile, examining the structure.

The men were followed, and soon after midnight made their way to the building. With the aid of a Jimmy, detectives say, the men obtained entrance by forcing a rear window.

The police surrounded the place, and detectives entered the front door. The men inside refused to surrender without a fight.

Groping in the darkness, detectives stumbled over the packages until they reached the men. Fighting with desperation, burglars and detectives rolled on the floor until revolvers were drawn and firing followed. In a few minutes the men surrendered. Both are charged with burglary.

## BOYS FLEE NEWARK JAIL.

Two Who Had Been Convicted of Burglary Escape from Prison.

Newark, N. J., Oct. 21.—Two boys broke out of the Essex County jail early this morning and disappeared. They are William Cymansky, 16 years old, and Joseph Winesky, 20. They had been arrested, charged with committing a dozen burglaries of private houses and had been convicted. Cymansky had been sentenced to eighteen months in the county penitentiary, and Winesky to an indeterminate term at the State Reformatory at Rahway. They were wanted as witnesses against the man they had accused of disposing of their booty.

## INQUIRIES FOR STEEL CONTINUE TO POUR IN

Strength of Market Indicated by Further Orders for Rails.

Special to The Washington Herald.

New York, Oct. 21.—The steel market shows no change from the strength which has been ruling for many months. Nearly every day brings in new inquiries and sales are being made far into next year. This is clearly indicated by further orders for rails from roads in this country to be delivered early in 1918.

It is learned quite definitely that no prices have been made on these 1918 rail orders, the matter being left for adjudication later, but in the steel trade the opinion prevails that this has been done by the buyer to protect the price. It is not considered unlikely that any reduction will be made in rails before the time for shipment of the products on these orders, as the mills are booked for more than a year and are behind on deliveries.

Whether the railroads will be compelled to pay an advance, if one is made, cannot be learned, but the belief is general that if an upturn is announced the orders already taken will be filled on the present base prices.

The advance in wire products, which was announced by the leading interest during the last week, was generally expected and freely predicted in these columns for several weeks. The independent wire makers had been receiving a higher level for some time before the largest manufacturer took any action. The demand continues large, with foreign consumption said to be leading, although domestic users are not far behind.

Buying of shell steel for export during the third quarter of next year has started, and some large orders are coming to this market within a comparatively short time. In the opinion of trade authorities, the important factor as long as the war continues, and they point out that there seems to be no end in sight.

Reading at Arms' Length—Indicates clearly your need for Glasses. If correctly made and fitted after an expert examination of the eyes, they will do away with poor sight, eyestrain, and headache. For such glasses, see me. No Charge for Consultation. **SAMUEL, EYESIGHT SPECIALIST, 1209 G St. N. W.**

## ANNOUNCE AWARDS IN PANAMA RIOT SUITS

The referee's award was announced yesterday in the Panama claims case arising from the riot in Panama, on July 4, 1912, in which American soldiers and Panama police clashed.

The award follows: To heirs of Ralph Davis, killed, \$5,000. To injured—Isaac J. Thomas, \$1,200; George F. Stokes, \$750; Fred Barnard, \$500; John Young, \$100; \$75 each to Gordon Winbrough, Dan Frenschetter, L. A. Roch, James Lucas, Joseph A. Selby, Lane Arrington, Samuel Graham and Matthew MacDonald; \$50 each to Carl J. Delsen, Allan F. Hopkins, Andrew Yubas and Frank A. Grenyer.

## GREECE MUST END DISORDERS.

Rome, Oct. 21.—The allies have notified the Greek government that unless the disorders are decisively put down additional troops would be landed. This information was contained in a telegram from Athens today.

The allies have also ordered the Greek army to be reduced two-thirds—that is, to a peace footing—and also the evacuation of Thessaly.

## D. C. FIELD HOSPITAL DUE HERE TOMORROW

Members of the Field Hospital of the District Militia are to arrive here some time tomorrow afternoon, according to word received in Washington last night. The troops have left the border and are expected to arrive in Atlanta, Ga., where their train takes the tracks of the Southern Railway, some time this morning.

From Atlanta to Washington is about a 5-hour ride for a troop train, and this would land the boys at Rosslyn about dusk tomorrow night.

This unit received orders to return some time ago, but was delayed because of a scarcity of cars.

## SCHOONER LOST IN GALE.

Norfolk, Va., Oct. 21.—The Norwegian steamer Avon arrived here this afternoon reporting that the gale of Friday, October 13, had destroyed the American schooner Fannie C. Bowen at sea, with the loss of Capt. Carter and the mate, whose name was not known.

Seven members of the schooner's crew were brought here, one of them being so badly injured he was placed in a hospital. The rest were bound from New York for Pensacola, Fla.

**Queen Quality SHOES**

"Little Wonder," the Perfect Fitting Shoe for Children.

A perfectly fitted shoe is most essential to the future growth of the child's foot. Our shoes are made to fit correctly and also are shaped to hold the foot in that poise so absolutely necessary in their development to give them the correct tread intended by nature.

For misses, 1 1/2 to 2, patent or gun metal calf, \$3.00
